SONAL MISHRA

QA Engineer | Manual Testing | Automation Testing | API Testing

GitHub | LinkedIn | Email | +91 8982914896

Professional Summary

Detail-oriented **QA Engineer** with hands-on experience in **Manual Testing, Functional Testing, Regression Testing, UI Testing, API Testing**, and AI application testing. Skilled in **test case design, test execution, defect reporting, bug tracking**, and application workflow validation. Hands-on experience with **Python, Playwright, PyTest, Postman, SQL, Jira**, with strong knowledge of **SDLC, STLC, Agile Methodology**, and defect life cycle.

Technical Skills

Testing: Manual Testing, Functional Testing, Regression Testing, UI Testing, Smoke Testing, Sanity Testing, Test Case Design, Test Scenario Design, Test Execution, Bug Reporting, Defect Tracking
Automation & API: Playwright, PyTest, API Testing, REST API Testing, Postman, API Validation
AI Testing: LLM Evaluation, AI Response Validation, Prompt Testing, Hallucination Detection, AI Output Validation
Programming & Database: Python, SQL, MySQL, SQL Query Validation, Data Validation
Tools & Frameworks: Jira, GitHub, FastAPI, Streamlit, LangChain, VS Code, PyCharm, Jupyter Notebook
Methodologies: SDLC, STLC, Agile Methodology, Defect Life Cycle, Requirement Analysis

Professional Experience

QA Engineer Intern — December 2025 – March 2026

Trinity Mobile Pvt. Ltd., Noida

- Performed **Manual Testing** on web and mobile applications, validating functional requirements and identifying defects.
- Designed and executed detailed **test cases and test scenarios** and documented defects to improve application reliability and usability.
- Performed **Functional, Regression, UI, Smoke, and Sanity Testing** across application modules and verified bug fixes.
- Collaborated with developers to **track defects, verify fixes**, and support software releases while following **SDLC and STLC** practices.

Projects

AstroMystery – AI Automation ***AI Testing | Automation***

- Tested **AI-driven application workflows** to validate functional behavior, automated processes, and overall application reliability.
- Performed **AI output validation, input validation**, and functional testing across multiple user and application scenarios.
- Conducted **regression testing** to identify workflow issues and ensure consistent AI responses and application behavior.

Task Genius – AI Automation *AI Testing | Workflow Automation*

- Tested **AI-powered task workflows** including task creation, updates, reminders, and completion processes.
- Performed **AI response validation, functional testing**, and workflow validation to ensure accurate and consistent application behavior.
- Conducted **regression testing** across automated workflows to identify defects and verify expected functionality.

NV Smile – AI Automation *AI Testing | Application Automation*

- Tested **AI-enabled application workflows** to validate user interactions, input processing, and automated application behavior.
- Performed **functional testing, AI output validation**, and workflow testing across key application scenarios.
- Conducted **regression testing** to identify application issues and ensure reliable and consistent workflow execution.

Education

Master of Computer Applications (MCA) – Computer Science — **2025**
Institute of Management Studies, Noida — **CGPA: 7.8/10**

Bachelor of Science (B.Sc.) – Mathematics Honours — **2023**
Shaheed Nandkumar Patel Vishwavidyalaya, Raigarh — **Marks: 1312/1800**

Certifications

DigiSaksham – Python Fundamentals Coursework
Data Science Certificate – Reliance Foundation
